CHILDREN TEETHING.
MRS. WINSLOW'S
SOOTHING SYRUP,
For Children Teething,
greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain and spasmodic action, and is
Sure to Regulate the Bowels.
Depend upon it, mothers, it will give rest to yourselves, and
Relief and Health to your Infants.
We have put up and sold this article for years, and CAN SAY IN CONFIDENCE AND TRUTH of it what we have never been able to say of any other medicine—NEVER HAS IT FAILED IN A SINGLE INSTANCE TO EFFECT A CURE, when timely used Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues We speak in this matter "WHAT WE DO KNOW," after years of experience, AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered
This valuable preparation has been used with NEVER FAILING SUCCESS in
Thousands of Cases.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve
Griping in the Bowels and Wind Colic.
We believe it the BEST AND SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle.
Be sure and call for
"Mrs. Winslow's Soothing Syrup"
Having the fac-simile of "CURTIS & PERKINS" on the outside wrapper.
Sold by druggists throughout the world.

THE COMMITTEE ON WAX WORK PAINTING AND PENMANSHIP—award to Miss Eva M Gay, the first premium on Wax Work, to Miss Ann L Tozier, 2d

To Miss Nettie Fuller on Drawing, first premium

The several specimens of penmanship before us were finely executed, but that written by Henry W Palmer demands special notice; for while the writer was yet a minor, he left a pleasant home at the call of his country, and in fighting her battles, lost his right arm, but his loss of arm brought into requisition all the bodily and mental energies of his manhood, and to-day, among the qualifications essential to business and usefulness, with his left hand writes with ease and accuracy a hand seldom equalled in beauty and finish; and although the specimen before us was not written for premium, yet we happily award to the writer the society's grateful remembrance and hearty thanks, for his past deeds of patriotism, and his present scholarly attainments.

MRS. F W GREGORY,

MAKING FISHING RODS.

In the October number of *Scribner's Monthly*, in an article on Salmon Fishing, the manufacture of split bamboo fishing-rods by Mr. Leonard of this city is described with illustrations We copy the following interesting portion of the article:

The manufacture of a fine rod of split bamboo is a work requiring great skill and judgment, not unlike that required to make the far-framed Cremona violin. The rods are made usually from Calcutta bamboo, as it has a large proportion of enamel with tough fibre and long growth between joints. In the Japanese bamboo the fibres follow the joints too closely, and so must be cut into in straightening the pieces. Our American cane is lighter, and the enamel is very hard and elastic, but the inner woody fibre is soft as well as brittle. Sometimes several invoices of Calcutta cane will not contain one suitable piece for rod-making. The canes mildew on the passage, and this injures the fibres. Sometimes they are injured in being straightened over a fire, and often a single wormhole ruins the entire piece. Then in one forest trees have the thickest and roughest bark on the north side, so the bamboo has thicker and harder enamel upon whichever side was exposed to storms. In making fine rods not only the best cane is selected, but the best side of the selected cane is preferred

The split-bamboo rod is an instance in which nature is successfully improved The cane in its natural growth has great strength as a hollow cylinder, but it lacks the required elasticity The outer surface or enamel is the hardest of vegetable growth and is made up largely of silica. The rod-maker by using all of the enamel possible, and by his peculiar construction avoiding the central open space, secures great strength with lightness and nearly the elasticity of steel itself

In making a rod, some ten or twelve feet of the butt of the cane is sawed off and split into thin pieces or strands These piece are thin bevelled on each side so that when fitted together they form a solid rod, of say half the diameter or less of the original hollow cane This beveling is done with a saw or a plane if preferred but more expeditiously by having two rotary saws or cutters set at an angle of sixty degrees to each other, in case the rod is to be of six strands. The strip is fed to the cutters by means of a pattern, which, as the small end of the strip approaches, raises it into the apex of the angle formed by the cutters This preserves a uniform bevel and still narrows each strand toward its tip-end, so as to produce the regular decrease in size of rod as it approaches the extreme end These strips can also, if desired, be filed to a bevel by placing them in triangular grooves of varying depths in a block of lignumvitæ The pieces are then filed down to the level of the block, which is held in a vice during the operation

The six or twelve strips as required being worked out, and each part carefully tested thoroughout its entire length by a gauge, are ready for glueing together a process requiring great care and skill The knots of the cane "break joints." The parts being tied together in position at two or three points the ends are opened out and hot glue well rubbed in, among the pieces for a short distance with a stiff brush. A stout cord is then wound around the strands from the end glued toward the other portions which are opened and glued in turn, say eight or ten inches at a time A short length only is glued at one time, so that slight crooks in the pieces can be straightened, and this is done by bending the rod and sliding the pieces past each other During the glueing all inequalities and want of symmetry must be corrected or not at all, and so the calipers are constantly applied to every side at short intervals, and any excess of thickness corrected by pressing the parts together in a vise.

It is at once evident that the larger the number of strands, the less the amount of enamel to be filed off. The ferrules are water tight, and expose no wood in either the socket or the tenon part, Bamboo is so filled with capillary tubes that water would be carried through the lengths and unglue them if it could once reach the ends where the joints of the rod are coupled together, and hence the necessity of careful protection at this place The entire rod when finished is covered with the best copal coach varnish By taking care to renew the varnish from time to time, no water need ever get to the seams

OHIO AND INDIANA

The political excitement in Ohio and Indiana is now at at fever heat, and the intensity of the contest will not be diminished during the short time to intervene before election In Ohio, which was carried by the Republicans last year by the small margin of 5,544, in a total vote of 592,683, our friends are making a splendid fight with cheering prospects of entire success. The "still hunt" tactics of the Democracy, the discovery of which recently excited some alarm, prove to have consisted of an effort to swing a portion of the beer-drinking Germans against Col Barnes the Republican candidate for Secretary of State, by assailing him for having favored the temperance movement in Ohio, and of a concerted plan to trade off votes for other candidates to secure the defeat of Barnes as the head of the State ticket To this end Democrats have freely promised to vote for Hayes and Wheeler in November if Republicans would vote against Barnes at the State election Our people have become apprized of the enemy's tactics and have infused new energy into the campaign that has discouraged the Democratic conspirators. The following despatches to the New York papers give the latest account of the indications of the canvass

[From the New York Herald]

COLUMBUS, Ohio, Sept 29, 1876 Ohio may be now said to be thoroughly aroused politically, both parties are making a savage and persistent fight, such as was not made even last year. Two weeks ago the Republicans become somewhat alarmed by the fact that the opposition were making such a persistent fight on Colonel Milton Barnes, candidate for Secretary of State, on account of his connection with the whiskey crusade, and the State Committee made no attempt to counteract this scare, believing that it would result in waking up strong Republican districts to the importance of getting out their full vote The Democratic State Committee, seeing the scare, sought to make it a panic by inspiring their henchmen to renewed efforts and flooding the State with circulars reviewing and intensifying the attacks on Barnes The result has been to stir up Republicans and in a measure produce a sympathy for Barnes among the religious and moral elements of the Democratic party instead of injuring him with them. The Republican State Committee say, to-night, the danger has passed and votes have been made for their State ticket. They also admit that Barnes will lose some German votes on Crusade matters, but they say they feel positive that he will be elected with the balance of their State ticket. Your correspondent has talked recently with politicians from Cincinnati on this matter who say that if this was not the Presidential year Barnes would be liberally scratched in Hamilton county by German Republicans but that he will lose comparatively few votes, from the fact that all recognize the importance of carrying Ohio in October by a large vote He will run behind the State ticket from 500 to perhaps 1000 votes in Cincinnati

A well known political manager from Cleveland, while here to-night, declared that he was willing to stake his reputation as a manager that Henry B Payne will be defeated by over 4000 votes Democrats admit that unless a tidal wave helps them our Hamilton county is lost to them They quietly admit the defeat of Banning in the Second District, Hurd in the Sixth, Payne in the Twentieth, and Poppleton in the Ninth District, with very close work for Vance in the Eleventh, and Posted in the Fifteenth districts Both parties now have special agents at work in every district in the State, and mass meetings are being arranged at all important points for next week The Democrats, however appear to be confident of the election of Bell for Secretary of State and are placing their money on him, and trading votes for all other offices, even agreeing to vote for Hayes in case a Republican will vote for Bell

The Republicans will carry Ohio in November as things now look

[Cincinnati Cor N Y Tribune]

Fortunately the game of the Democrats was discovered in time It was an exceedingly shrewd one, and worthy of the genius of the able tactician who runs their party machine If they could succeed in defeating Col Barnes they would gain all the moral effect of a victory, no matter by what majorities the two other candidates on the Republican ticket might be elected, and no matter how many Congressmen the Republicans might gain, and a victory in October in Hayes' State would give such a boost to Tilden's canvass in New York as to make his election possible. What was to be done to recover the ground already lost and counteract the further effects of this piece of strategy, was a question that answered itself as soon as asked. The answer was, "Put on more steam." Nobody believed that defeat was possible if the Republican masses were thoroughly aroused It was excess of confidence that had done the mischief. While the Republicans of Indiana were making the liveliest fight witnessed in this generation, our friends here had been depending on Gov. Hayes' popularity and on the heavy majorities of former Presidential years to carry them through without much effort. "Put on more steam," then, was the advice that came to the Central Committee from all quarters. Well, the throttle-valve was opened as wide as possible. Blaine, Ingersoll, Schurz and a score of other first-rate speakers came into the State. The efforts of local committeemen and working politicians were quickened and redoubled A prompt response came from the people. The meetings, which had been small affairs, held in halls, for the most part, suddenly became immense outdoor gatherings, rivaling the grand demonstrations taking place every day all over Indiana. And now, with their blood up and their old fighting spirit aroused, the Republicans would seem to be out of the woods. They think they are, and feel sanguine of success.

In 1873, Allen, Democrat, was elected Governor by 817 majority; in 1874 Bell, the present candidate, was elected Secretary of State by 17,202 plurality, and in 1875 Gov. Hayes was elected by 5,544 majority.

In Indiana elections for Governor are held once in four years: In 1868 Governor Baker, Republican, was elected by 961 majority, and the State gave Grant 9,572 majority in November. In 1872 Governor Hendricks was elected by 1,037 majority, and Grant carried the State by [illegible] majority. In 1874, the [illegible] 16,233 votes. The present candidates for Governor are Gen. Benj. Harrison, Republican, a grand-son of "Old Tippecanoe" and James D. Williams, Democrat, who has acquired the sobriquet of "Blue Jeans" from an affectation of wearing that material to show his economy and ingratiate himself with the farmers. The campaign in that State is probably the most thoroughly organized and hotly contested that has ever been known in this country. Sam Cary is running a Greenback ticket by which the Democrats hope to draw off Republican votes, but our friends are waging the contest with wonderful energy and the greatest enthusiasm, and are convinced that with anything like honesty in the voting they will handsomely carry the State The Democrats are making an absolutely desperate fight for Indiana, realizing that, while the Republicans can afford to lose it in October its loss by the Democrats would practically seal the fate of Tilden and Hendricks. In their extremity they have called upon Tilden to make use of the tactics he employed so successfully in the service of Tweed, and he has devised a project that would put Tammany's most notorious exploits to the blush. It is nothing else than a pretense of assembling a "Soldiers' and Sailors' Mass-meeting in favor of Tilden and Hendricks at Indianapolis on the 5th of October, just five days before the election, which is to furnish a cover for importing on special trains furnished by the party thousands of roughs and repeaters from other States, to be distributed in the cities for purposes of intimidation and fraud Of this high-handed project the Indianapolis *Journal* says

There is not a particle of doubt that the Democratic managers intend to use their so called "citizens' and soldiers' mass meeting," to be held here on the 5th of October, as a blind and cover for the most outrageous frauds upon the people of this city and State They are making arrangements to bring here large numbers of roughs repeaters and shoulder hitters from other cities, with the intention of having them remain till after the election and to do whatever may be required of them on election day. They intend to run free trains over various roads to bring these cattle here free of all expense, and to keep them here till after the election. This is no sensational statement, but an absolute fact. We have it from a railroad officer high in authority and there can be no doubt about it They are even sending as far as Baltimore for roughs and shoulder hitters to do their dirty work

* * * *

In this case the Democrats are hiring trains, and will run them free, thus insuring a large attendance of the very worst elements The crowd will undoubtedly be large and it will as certainly be the hardest one ever congregated in this city Hundreds of professional shoulder-hitters and ballot-box stuffers from other cities will be brought here with the express understanding that they are to remain over the election and do whatever they can and whatever they are told to do to aid in securing a Democratic victory. Under the management and direction of local leaders only a little less base and desperate than themselves, they will intimidate voters, seize polls, stuff ballot-boxes provoke riots, or do anything that may be required

The Evansville correspondent of the New York *Times*, writing Friday, says

The general situation remains unchanged This afternoon there was still much anxiety concerning the bogus soldiers' convention which the Republicans are more than ever convinced is intended to cover importations of ballot-box stuffers from the leading cities, but especially from New York and Baltimore It is known that some true soldiers will be duped into attending, but it is feared that a majority of those coming on Tilden's free trains will be of the class named Take out this bogus convention and the prospect is so cheering that Gen Manson, Chairman of the Democratic State Committee, said to-day that each party expected to win and both were afraid they wouldn't. This being the Democratic view, there is no cause for discouragement

The New Albany correspondent of the *Tribune* writes as follows.

That the Democrats are well supplied with the sinews of war is shown by the fact that the Tilden clubs in all parts of the State are supplied with uniforms and torches by the State Central Committee—a very heavy expense in the aggregate The Republican Committee is not able to do this, and the Republican clubs must provide their own outfit, or the local committees must buy it for them It is currently reported that Gov Tilden sent a check for $25 000 as his first contribution to the funds of his party here, and it is believed that he has recently made a second remittance Besides, there has been a considerable sum raised from other sources in New York Wealthy Democratic partisans in all the chief cities of the country have, it is stated, been drummed for contributions to the Indiana fund I am assured that a large sum was collected in Louisville only a few days ago Evidently the Democratic managers are staking everything upon Indiana. With all the agencies they have at work, and with the aid of the Greenback movement, if they cannot carry this State in October, there will be no chance of their winning a single doubtful State in November The Republicans can lose Indiana and yet elect Hayes but if the Democrats lose it they are ruined They realize this, and hence their desperate energy

FALSIFYING FIGURES

Our Democratic contemporary is very much incensed at our exposure of what it calls a "slip of the pen" by the Boston *Post* The "slip of the pen" consisted of a glaring double leaded paragraph at the head of the editorial columns of the *Post* in which the figures of our elections were grossly falsified and the statement made that "in two years Mr. Blaine's [the Republican] party has decreased its majority 7,120," when nothing could be more untrue We shall make it our business to overhaul such Democratic "slips of the pen," in the most summary and conclusive manner. And in this connection we denounce the New York *World* of Saturday for parading a special despatch from the *Commercial* office in this city with the conspicuous head-lines, "The truth about Maine—The Republican Majority less than in 1874." The falsehood of that statement is so glaring that there can be no possible excuse for its utterance Here are two leading Democratic organs, the Boston *Post* falsifying the results of our election by more than seven thousand, and the New York *World* giving currency to a lie contradicted by the figures of its own almanac. And these organs prate about "tampering with returns!" Will the *Post* and *World* inform their readers how many Governors, how many Congressmen, how many Senators and Representatives to the Legislature and how many County majorities were obtained by their party in Maine as trophies of that "Democratic success" which they claim to have achieved in September? That information would be of interest and to the point.

We trust that the announcement that Col. Z. A. Smith has retired from the position of associate editor of the Portland *Press*, which he has filled for several years past with much ability, does not indicate that the profession in Maine is to lose the services of so competent and vigorous a journalist. Since the war, in which he made a gallant record as a soldier, Col. Smith has devoted himself unsparingly to editorial labor, and has acquired an experience and versatility that give him high rank. As staunch a supporter of Republican principles [illegible] vice in the good cause, [illegible] violent abuse with which he has been honored by the enemy. During the State campaign just closed, Col. Smith contributed in an unusual degree to the energy and success of the canvass, which resulted in so glorious a Republican triumph. The press of Maine can ill afford to spare such men, and we repeat the expression of our hope that the Colonel's retirement is to be but temporary.

PROSECUTE THE PEACE

[From the New York Tribune.]

Mr. Tilden's friends, who wanted to settle the war by diplomacy, now think it fine to demand "a vigorous prosecution of the peace." Very good; we heartily second the motion. No journal has given better proof of its consistent and sincere desire for a departure from war, its spirit and its methods—for a genuine and lasting reconciliation. Nor will its efforts to that end cease. But it takes two to make a war, and it also takes two to make a peace. A vigorous prosecution of the peace on one side only is a palpable fraud, precisely like the proposal of Mr. Tilden and his friends in 1864 to resist the armies of rebellion by the resources of diplomacy One-sided peace means unconditional surrender If the Democrats are to continue a vigorous prosecution of the war against the public honor, against loyal tax-payers and soldiers, against free suffrage and free speech, they may rest assured that the war will not be met by peaceful submission, excepting on the part of those sympathizers with rebellion who wanted to surrender at each and every moment from the beginning to the end of the war

Unhappily, this war is still prosecuted with great vigor by Democrats It is an absolutely undeniable fact that they have virtually deprived a large part of the people of Alabama of their freedom of suffrage About the methods used there may be dispute But the vote speaks for itself; in many counties, thousands of Republican votes were cast at the election two years ago, and only hundreds, and in some cases less than one hundred, at the election this year Whether this result was reached by the systematic refusal to employ colored Republicans, of which abundant proof appears in the Southern papers, or by armed organizations attending Republican meetings, or by assassination of leading men, in any case there is war against that freedom of suffrage which the Constitution guarantees. The war will not cease, peace will not become anything except base surrender, so long as the attempt is made by any unlawful or unfair means to deprive voters of their freedom of choice This, it seems to us undeniable, has in many cases been done by Southern Democrats and precisely to that extent they are making war upon the Constitution, and rendering impossible the peace which Northern Democrats pretend to desire.

What is it but war, when any Union soldier is prosecuted in the courts for damages done by him at the South? A Democratic Judge, Mr Clifford of the Supreme Court, decides that Gen Dow is personally liable for sugar taken by him during the war for the use of his command If he can be prosecuted for supplies taken during the war for the use of troops, every soldier of Sheridan's army can be prosecuted by inhabitants of the Shenandoah, every soldier of Sherman's army by inhabitants of Tennessee, Georgia, Alabama, and the Carolinas, and every soldier of Grant's army by residents of Richmond and Petersburg, nay, Grant himself can be made to pay for damages to the apple orchard at Appomattox This is not peace nor is peace possible as long as these claims are set up on behalf of the Southern Democrats. They may talk of reform till they are speechless Union soldiers will not vote to plaster their own homes with lawsuits. The fair consideration of questions of administrative and economic reform becomes absolutely impossible so long as pretensions like these are made by Southern and encouraged by Northern Democrats The war will not end at present if it is proposed to punish the soldiers who suppressed the rebellion.

Neither will it end so long as war is waged upon those who trusted the Union in its time of peril. The public credit is assailed by Democrats at the West and South, with a vindictiveness of spirit which leaves no room to doubt that it is the rebellion which raises the cry of repudiation The trouble is that a majority of Democrats cannot forget that the debt is a war debt They sullenly remember that the greenback helped to suppress the Democratic rebellion They will not forget that when the Nation was in peril they refused to trust its pledges, and predicted that its notes would never be paid They insist upon regarding the payment of those notes—specie resumption—as a Republican victory which the Democratic party in its platform formally proposes to postpone indefinitely. But this is the repudiation of a pledge, war upon public honor. It is revenge upon those who trusted the pledges of the Union when the majority of the Democrats refused. There can be no peace so long as the Democratic party persists in a vigorous prosecution of this war upon public creditors and public honor.

By all means let us have a vigorous prosecution of the peace and to that end a rebuke and defeat of the men who continue to make war upon free speech and free suffrage, to make war upon Union taxpayers and soldiers and to make war upon the public creditors and credit It is time to defeat these mischief makers so thoroughly that they shall never again drag the war issues before the American people As often happens, peace can come only through victory, and through a victory of the right.

SHERMAN ON BAYONETS.

A Nevada paper represents Gen. Sherman saying in that State: "The 'bayonet' order, as it is called, means nothing which can be construed against any section of the country. It simply orders the commanders of troops wherever stationed to respond to the call of United States Marshals when intimidation is threatened at the polls. The act of Congress under which it was issued was offered by a Democrat, and it applies equally to the North and the South. The object of it is simply to secure an honest election in November." Being asked if he had ordered any troops to the South he replied. "Not a single man. My order simply applies to the troops already there. If they are called upon they will act. There you have the whole gist of the 'bayonet' order."

NASBY ON INGERSOLL.

The news of Coll Ingersoll's shocking infidelity has penetrated the "Corners," and Nasby gives an account in the Toledo *Blade* of a meeting of the faithful which was held to protest against it. He was chosen to preside, and thus describes the proceedings: "I remarkt that it was no ordinary occasion that had called us together. Our liberties [illegible] hev on the stump, advocatin its heresies. Bob Ingersoll uv Illinoy and Ward, Secy Ingersoll is an infiddle uv the most radical stripe, a man wich denies the truths of holy writ—'Wat is Holy Writ?' asked a citizen. I hed to stop and explain to em that Ingersoll wantid to destroy the Bible, wich infooriated em. 'Ain't we to be allowed to hev our regler township Bible? Wat'll we hev to sware witnisses on in hoss cases?' they indignantly demanded. 'Go on! go on! down with the infiddle!'"

WHAT TILDEN'S SUPPORTERS THINK OF HIM.

A *good newspaper* exercises a far more potent influence in a political campaign than a score of stump speakers, however eloquent and convincing. *As such a paper* we recognize the *Cincinnati Enquirer*, which has distanced all its Ohio contemporaries by the vigor, enterprise and ability with which it is helping on the campaign [Boston *Post*.

As the opinions of a leading Western organ of the Democracy, which is thus cordially accredited by the principal New England organ of that party, should be of some interest to the public in the present canvass, we quote some of the Cincinnati *Enquirer* views as to the fitness of Samuel J. Tilden for President of the United States When it had already become more than probable that Tilden would carry off the St. Louis nomination, the *Enquirer* gave expression to the following

"There are a few facts concerning Sam Tilden, which we trust will stick into the minds of Western and Southern Democrats

"1 He cannot carry his own State in November

"2 He cannot carry any Northern State

"3 *He is a hypocrite, a political swindler, has long been a public plunderer and is really the only disreputable candidate prominently named on the Democratic side*

"4 He has sought this high office by methods so *unprecedentedly shameless and disreputable that it would be* AN EVERLASTING STIGMA UPON A DEMOCRATIC CONVENTION TO NOMINATE HIM, AND A REPROACH UPON THE AMERICAN PEOPLE TO ELECT HIM, IF NOMINATED

And on the 20th of June, a week before his nomination, it said

"Tilden and his friends bamboozled the poor workingmen of New York by telling them that they could have plenty of work at good wages, if they would vote for him for Governor. They did so *To-day there are more idle workingmen in New York city than when Dix was Governor*

And then again it spoke as follows:

"*It could not but be that a man educated in cunning, hypocrisy, and iniquity, nominated in corruption and shameless effrontery, even though his millions could elect him*, WOULD GIVE US THE MOST CORRUPT ADMINISTRATION THE COUNTRY HAS EVER KNOWN. 'Neither imperial dignities nor the gloom of solitude,' says Tacitus 'could save Tiberius from himself,' and TILDEN COULD NOT RISE ABOVE HIMSELF OR ABOVE THE SOURCES OF HIS POWER."

BETTER STILL

In the haste of copying figures in our Saturday's issue we understated our total Congressional majority this year, by computing for the First District only the majority over all instead of the plurality, as stated The total Republican Congressional majority in 1874, giving the Democrats all the scattering, was 11,886. The tables printed by the *Commercial* show the following pluralities for the regular Republican candidates this year.

First District	1 021
Second "	3,365
Third "	2 927
Fourth "	2 684
Fifth "	2 799
Total pluralities,	12 796
We will give the Democrats the 483 votes for Chase, "Soft Money," and the 170 scattering, making	653
	12,143
And add to the Republican side the 960 votes cast for Lyndon Oak	960
Giving net Rep majority,	13,103

It by no means appears that the Democrats are entitled to all the scattering votes, but giving them all, as above, our majority, instead of having decreased over seven thousand in two years as alleged by the Boston *Post* is shown to be increased by more than twelve hundred

PROMPTLY ANSWERED

The N Y *Tribune* says The Democrats are finding out that it is not very safe business to interrupt Col Ingersoll One of them tried to do it when he spoke at Cooper Institute, and, when some one demanded that he be put out, the ready orator replied, 'No, let him stay, let him reform.' There was no more disturbance. Another case occurred out West recently. Some one wanted to know why the Colonel opposed a good reformer like Tilden. He got all the information he wanted in the following energetic manner "I am opposed to him because he pretends to be a reformer. I am opposed to him because he got the nomination for the Presidency through advertising, as you would for patent medicine. [Cheers and laughter] I am opposed to him because he filled the papers with those advertisements day after day, month after month, and right after the advertisement where it told about the man whose sands of life had nearly run out, the next paragraph would be about the honesty and reform of Samuel J Tilden. He has been sandwiched between remedies for rheumatism and sure fire on dyspepsia [Cheers and laughter] He has come next to sugar-coated pills and after patent mustard plasters. In every Democratic paper in the Union he has been advertised as a patent quack nostrum for the salvation of the American Government [Laughter.]"

FROM SKOWHEGAN.

The County Fair.

SKOWHEGAN, Sept. 30. The Somerset County Fair holden at Coburn Hall, this week, was a perfect success. The show of ancient relics, fancy articles and oil paintings was particularly fine. The hen show and baby show drew large crowds. Lectures were delivered as follows: Tuesday evening, by Rev. Mr. Pierce; Wednesday, Rev. Charles Allen; Thursday, Governor Dingley; and Friday, the Skowhegan Band was in attendance. It was the largest and best display ever held in the county.

FROM BIDDEFORD.

Robbed by Burglars.

BIDDEFORD, Sept. 30. Some time last night the dwelling of A. D. Edcomb, a butcher, at Buxton, was entered through the cellar, and robbed of an account book containing $810 in bills, and several notes which were in his vest hanging beside the bed. This morning the account book and the notes were found in the cellar.

FROM PEMBROKE.

The Races.

PEMBROKE, Sept, 30. The Pembroke Trotting Association closed their Fall meeting to-day. The attendance was good, the track in excellent condition and the trotting surpassed any ever before witnessed on this park. In the five-years old colt race Flora Mac won in the 2d, 3d and 4th heats. Time 2.50—253—2.48—Lee second, Walter 3d. In the 2.55 class Bro. Dunbar won in the 2d, 4th and 5th heats. Time 2.52—2.54—2.53. Eva made the best time in this race in the 1st heat—time 2.47. The sweepstakes race was hotly contested and created considerable excitement among the horse-men. The favorite horse was James Bil's grey mare Little Maid, six years old, never before in a race. She won easily in three straight heats. Time 2.42—2.40—2.42—Nellie Thorn second, Bay Ned third. The five years old colt Leo, owned by N. B. Dyer, of Millbridge, showed remarkable signs of great speed and was the favorite in the colt race, but his owner wisely determined to prevent a record for him. He is certainly one of the most promising colts in this section.

FROM ROCKLAND.

ROCKLAND, Sept. 30. The old Post Office has been dismantled and to-night the mail matter was transferred to the new Post Office, which is lighted and open to the public. Mails will be dispatched from there Monday morning. THE SAFE BURGLARY CASE.

THE DEFENDANTS ACQUITTED.

The Result Greeted with Cheers.

WASHINGTON, Sept. 30. The safe burglary conspiracy case, in which Gen. Babcock and Thomas P. Somerville were defendants in the Criminal Court, has concluded, the jury returning a verdict of not guilty in each case. The jury was out two hours. A number of persons were present and expressed their gratification at the result by cheers and other demonstrations of applause.

THE INDIANS.

News from Fort Peck—A visit from Long Dog, Lone Elk and Lost Dog—The stories they tell, etc.

BISMARCK, Sept. 30. A gentleman who left Fort Peck Sunday and who traded with Long Dog and Ink Paduty when they were there has arrived. He says Long Dog was within 20 miles of Wolf Point when Gen'l Terry was there, and has been into Fort Peck repeatedly since then. On Saturday Lone Elk and Lost Dog came in from the hostile camp. They announce the hostiles coming into Fort Peck, but wanted the agent and his outfit to go away. They did not want annuities or rations but wanted the trader to remain, with plenty of ammunition. They made presents to the agency Indians and brought in two horses belonging to the 7th cavalry; also carbines and saddles, evidently belonging to that regiment. They wanted to be friendly to the whites and said none would be molested this winter by them, but they would fight the soldiers when they came out after them. They realized that the whites would whip them in the end, but would not surrender. They would die fighting. They claimed 10,000 men in the field this summer and will bring 8,000 more warriors to the fight next year. Many Indians now at the agencies will join them in the spring. Sitting Bull with 100 lodges, they say, is on the Little Missouri, where most of the Indians that fought Custer are now within two days march of the Little Horn. They say Black Moon, Crazy Horse and Lone Horn are greater chiefs than Sitting Bull, who is only one of many. When these chiefs hold a council they listen to them. The Cheyennes, Ogallalas, Sancaress and Brulees were greater in number in the battle than Sitting Bull's tribe.

How the Hostiles are Treated at the Agencies.

The agent at Fort Peck sent these men back with a message to Sitting Bull to come in and he would treat him well. The Agency Indians say when the hostiles come in the agent shakes hands with them and fetes them, and it makes them feel sorry that they are not hostiles, because then they would be treated much better. The Indians that come in do not tell the truth, but the whites believe all they say, and tell them the truth, and they go back to the hostiles and report all that is going on and what the whites propose to do. Long Dog remained at the agency over night. He was offered a robe to sleep on but rejected it with scorn, and insisted on sleeping in bed with the white chief, but was finally pacified, and slept on the floor in a blanket. Ink Padiuty and he were there at the same time. They claimed to be strangers to each other, but they moved out at the same time, and united their forces within sight of the agency. In their hasty flight from Terry they abandoned Teepes, robes, etc., and much suffering resulted, several children dying from exposure.

CONDENSED DESPATCHES.

Victoria Woodhull lectured Sunday forenoon in Paine Memorial Hall, Boston, to a very large audience. No offensive language was used.

At Savannah, Sunday, the interments were 25; 17 from yellow fever.

The total number of interments at Savannah Saturday were 26, of which 17 were yellow fever. Twelve of the burials were colored persons.

The Naval vessels of the North Atlantic stations are preparing to assemble at Hampton Roads for drill, in accordance with orders, preparatory to being distributed for the winter.

Seven thousand people greeted Moody's first appearance in Chicago Sunday, and many city pastors were on the platform.

Obed Smith, bow oarsman of the champion four-oared crew who distinguished themselves at Philadelphia, and Mark, his brother, were drowned Sunday about 3.30, in Halifax harbor.

Appeal is made to the Knights of Pythias throughout the United States for aid for the Lodge in Savannah.

THE WEATHER.

WAR DEPT, OFFICE CHIEF SIGNAL OFFICER, Washington, D. C., Oct. 2. (1 A. M.)

Probabilities.

For New England: Rising succeeded by slowly falling barometer, cool Northwesterly winds, backing to warmer, Southwesterly and clear and partially cloudy weather.

FOREIGN NEWS.

TURKEY.

A Warlike Look.

LONDON, Sept. 30. A Berlin special quotes a very warlike address to the Czar, recently quoted by the Town Council of Richalieff, which coincides with the intimation that unless the extended armistice is concluded, popular enthusiasm may force the Czar to war.

The Czar's Anxiety.

The Times says the Czar is doubtless anxious to keep the contest within its present limits, and he is believed to have given specific assurances to Francis Joseph in an autograph letter which is exciting the curiosity of the continent, but there is grave reason to fear if hostilities are not stopped immediately the healing influence of diplomacy will be baffled. A prominent St. Petersburg newspaper is allowed to say that Russia is resolutely and irrevocably determined to finish the Eastern question. The Czar thanks the town council of Nicholleff for their war-like address and no attempt is made to prevent the rush of soldiers to Servia. In fact Russian people are introducing the startling novelty of applying the principle of limited liability to war. Russia will incur a heavy responsibility if she does not endeavor to stop the present excitement.

Object of the Czar's Letter.

A Paris despatch says information from Vienna authorizes the statement that the object of the Czar's autograph letter to the Emperor Francis Joseph, is to induce Austria to enter into common action in the interests of peace.

The Porte's Reply.

The substance of the Porte's reply to the powers has reached the French Government and is said to be pacific. The Porte only makes some reservations relative to reforms and expresses a wish that the Provinces may not be designated by name. The powers on the other hand desire to designate Bosnia, Bulgaria and Herzegovina.

Peace Prospects Weakening.

A Belgrade despatch says Prince Milan will leave Belgrade for Parkchin early next week. This is regarded as proof of the improbability of any peace arrangement being concluded. It is highly probable the Prince will be crowned King as soon as he is removed from the restraints of Belgrade. Three hundred and sixty Cossacks arrived in Belgrade Friday, and 200 more are expected Saturday, and 600 Sunday.

Thursday's Battle.

A despatch from Belgrade says the movements on the Morava river are comparatively insignificant. The Servians do not boast very loudly of Thursday's battle. Official Turkish telegrams claim a victory. Newspaper correspondents nearest the scene seem to agree that the Turks had the advantage.

Alexinatz despatches say the Turks gained a great victory Thursday, which they could have followed up with disastrous results to the Servians, were it not for the armistice which the Turkish Commander still treats as valid.

Sharp Quarrel between Milan and Ristics.

LONDON, Sept. 30. A despatch from Belgrade dated to-day says there was a serious dispute yesterday between Prince Milan and M. Ristics, Servian Minister for Foreign Affairs. Ristics insisted on a conclusion of the armistice, but Prince Milan would not listen to the proposition. [illegible] Ristics tendered his resignation, which Prince Milan declined to receive and Ristics was with difficulty prevailed upon to remain in office. Italy and England are greatly irritated at Servia for rejecting an armistice. The British Representative, speaking on behalf of the Earl of Derby, said Servia must no longer rely on England for sympathies which she no longer deserves.

Another Servian Repulse.

LONDON, Oct. 2. The Standard's despatch from Deligrad states that the Servians have furiously attacked the Turks and been again repulsed with a loss of 1,500 men. Another battle is imminent.

Russia expected soon to assume responsibility of the war.

A despatch to the Standard from Belgrade says Gen. Sumarakff, the Russian Envoy, is not coming to Belgrade as was expected. Russian inundation is steadily crowding out the Servian element. Preparations are making in Belgrade and on the border of Russia inconsistent with the pacific declarations of the Cabinet at St. Petersburg.

There are good grounds for supposing that Russia will soon openly take the responsibility of the war which she has been waging under the flimsy cover of the Servian flag.

SPAIN.

An appeal to Arms.

LONDON, Sept. 30. A despatch from Pampeluna says an appeal to arms in defence of the Fueros, signed by Basque and Navarre's Committees, is circulating in Navarre and Basque Provinces.

Taken In.

A despatch from Madrid says decorations and illuminations prepared to greet ex-Queen Isabella's arrival have been removed for fear of disturbances.

Cuban War Loan.

A telegram from Madrid announces that a public adjudication was made last Saturday for a loan of 150,000 piastres required for the expenses of the Cuban war.

EGYPT.

Commander-in-chief Taken Prisoner.

LONDON, Sept. 31. An Alexandria despatch says there is reason to believe that Ratibi Pasha, Egyptian Commander-in-chief, and staff have been taken prisoners by Abyssinians, near Massowah.

GREAT BRITAIN.

Hon. Robert Lowe's Letter.

LONDON, Sept. 30. Hon. Robert Lowe publishes a letter on the Eastern question. He insists upon the necessity of calling Parliament together to determine whether the present policy of the Ministry shall be pursued.

Eagles for the United States.

LONDON, Sept. 29. Fifty thousand pounds worth of American eagles was withdrawn from bank yesterday for shipment to New York.

ITALY.

Alarming Illness of the Pope.

LONDON, Sept. 30. A despatch from Rome to-day reports the very serious and alarming illness of both Pope Pius IX. and Cardinal Antonelli.

PORTO RICO

Great Destruction of Property by a Hurricane.

NEW YORK, Sept. 30. The American Consul at San Juan, Porto Rico, reports a hurricane on that Island on the 13th which destroyed all telegraphic communication with the interior, blew down all the houses in the immediate vicinity of that city, and all the bridges were carried away by the flood, and coffe, sugar and rice crops entirely ruined.

Vessels Wrecked and Lives Lost.

The American schooner Wm. Byrne was wrecked in San Juan harbor, but her crew were saved. Eight native coasting vessels were also wrecked and several lives lost. The coast from Orecibo to Aguadilla is strewn with wrecks. The brig Valencia of Boston was wrecked at Waguabo. The crew was saved. The brig Geo. Latimer was also lost; crew saved. From Abaco to Fajardo every building has suffered. A St. Thomas letter dated the 14th, says that town suffered considerably, but no lives were lost. The brig Veteran, from Buenos Ayres for Rotterdum, which put into St. Thomas to repair, was totally wrecked in the harbor; crew saved. The American bark Idella Berry is missing. The body of Capt. Turner was found floating in the harbor. The brig Shasta, with a cargo of ice from Boston, is ashore, but not seriously damaged. The hurricane did great damage at St. Croix to buildings, etc. At Porto Rico city 28 vessels are reported ashore; 5 total wrecks and 11 badly injured and 5 lives were lost there. At St. Kitts 5 vessels were driven ashore, but no lives were lost.

There were no cases in the Police Court Saturday.

There was a beautiful rainbow yesterday afternoon.

The train from St. John, last Saturday, ran over a cow.

Rev. Mark Trafton, the celebrated Methodist preacher, is in this city.

Over nine hundred people left this city for the Centennial during last month.

Charles E. Phillips, Esq., of this city, is visiting the Centennial Exposition.

There will be a prayer meeting at the Reading-room on Franklin street this evening.

The Young Men's Temperance Union hold a business meeting in their room this evening.

The Huron Base Ball Club, of Brewer, defeated the Hampden nine last Saturday by a score of 21 to 10.

The Farmers' Excursion to the Centennial will leave this morning. The attendance will undoubtedly be large.

Mr. John C. Ladd has shown us the finest trace of sweet corn we have seen for many a day. The ears are large and full.

The Directors of the Penobscot Lumbering Association will meet at the office of the Clerk to-morrow afternoon at three o'clock.

The annual meeting of the Brewer Bridge Company will be held to-morrow afternoon at three o'clock, at the First National Bank.

The St. Mary's Fair at Norombega will continue every evening this week. The attendance is good, and the display of fancy articles fine.

The funeral services of the late Hon. Geo. W. Pickering will be held at the Hammond street Church this afternoon, at [illegible]

[illegible]

Hon. Josiah H. Drummond, of Portland, was in this city last Friday, attending the meeting of the Knights of the Red Cross of Constantine.

On the first page, this morning, will be found the awards of premiums at the Eddington Fair; also an article describing the manner in which Mr. Leonard makes fishing rods.

Two of the Arabs on the schooner Joseph Oakes, left the city last Friday night on another vessel. They shipped before the mast. The others will also leave in the same way.

Mr. Stephen Chase, of Carmel, has presented us with three ears of yellow corn. They are fine specimens. He has raised eighty bushels of this corn to the acre, which is a very large yield.

The house and barn of David Richardson, of Clifton, were destroyed by fire last Saturday; also all the farming implements and a large quantity of hay. The property was fully covered by insurance.

Persons are warned against a splendidly executed counterfeit $10 bill on the Lafayette National Bank of Lafayette, Ind. The bills are dated Dec. 22, 1874, the bank number is 1496, and the United States Treasury number 165,167.

Mrs. W. F. Shaw of this city has been attending the Musical Convention at Rockland and she has sung several solos. It is very gratifying to know that she was received in a most flattering manner, her renderings calling out very demonstrative expressions of approval.

Mr. Roberts of Boston, sung bass in the Third Church choir yesterday, and he rendered the solo in "The Earth is the Lord's and the Fullness Thereof," with very fine effect. Mr. R. has come to Bangor for his health, and we hope to hear more of his really rich and musical voice.

Mr. E. B. Stackpole, of Kenduskeag, has given us a sample of the apples he raises on his farm. There are four in number and together they weigh two and a half pounds. One of them measures 14 inches in circumference and weighs three-quarters of a pound. The variety is the Alexander.

The Franklin House has recently been leased to Mr. Geo. F. Hill, who will do everything in his power to make it second to no hotel in Eastern Maine. He has retained the services of the popular clerk, Mr. Quimby, and we feel confident that the guests will be entertained with the utmost courtesy and attention.

Mr. V. Darling has recently returned from Blue Hill and has brought with him a large number of specimens of ore from the copper mines. He collected them for the Art Association and a part of them are on exhibition in Mr. C. L. Dakin's window. The assayer finds from five to forty-five per cent. of the ore.

The Women's Christian Temperance Union held a very successful meeting in City Hall last evening. Remarks were made by Mrs. Plummer, Mrs. Lane, Miss Crosby, Henry Hill, W. A. Langley and C. H. Taintor, all the speeches being full of earnest spirit for the cause of reform. The music, with Miss Abbie Garland at the organ, was unusually good.

Yesterday was "Children's Day" at the First Methodist Church. The pastor, Rev. Dr. Stone, preached a sermon to the children in the morning. In the evening a Sabbath School Concert was held. The programme consisted of readings, singing, dialogues, and other interesting exercises. The pulpit and platform was beautifully decorated with autumn leaves and flowers.

Hon. B. E. Smith, Trustee of the Consolidated E. & N. A. Railway, was in this city last Saturday. Arrangements were made between him and the Trustees of Land Grant Bonds, whereby he will give up the road to them, and they will take possession this morning. It is expected that Hon. Hannibal Hamlin, one of the Trustees of the Land Grant Bonds, will retire.

A countryman who went to see the Arabs last Saturday, asked if they had horns. The captain told him that their horns were cut off. He then asked if they were chained or loose. The captain told him they were on shore for a few minutes. The poor countryman walked around the vessel for awhile, and then went ashore, not recognizing the unfortunate Arabs who were surrounding him.

We are informed that four gentlemen had a narrow escape from drowning, yesterday. They were coming down the river on their return from a fishing excursion, and were in a canoe which was upset. The young men succeeded with great difficulty in getting to the shore. One of them was jammed in between two logs and had a narrow escape. They were in the vicinity of Great Works.

ACCIDENT. Capt. Barnes, of Levant, accompanied by a young man, was driving into Pickering Square, Saturday morning, when the breeching of the harness broke, and the horse becoming frightened, ran away. When near Garland & Cassidy's store the horse turned and threw the occupants of the team out. Capt. Barnes was severely injured about the head, and his thigh bone was broken. He was taken into the Commercial House, and a physician summoned to attend to him. The young man was not very much hurt.

MASONIC. The Knights of the Red Cross of Constantine held their annual meeting in Masonic Hall, last Friday evening. The following officers were elected: J. H. Drummond, G. Sovereign; H. H. Dickey, G. Viceroy; Charles I. Collamore, G. S. General; M. F. King, G. J. General; W. J. Burnham, G. H. Prelate; Geo. W. Deering, G. H. Chancellor; Rufus H. Hinkley, G. Treasurer; James H. Eaton, G. Recorder; A. B. Marston, G. H. Almoner; E. P. Burnham, G. Chamberlain; E. W. Morton, G. Orator; F. T. Faulkner, G. Marshal; Geo. R. Shaw, G. Engineer and Arch.; James Adams, Grand Standard Bearer; Samuel F. Bearce, G. Herald; Warren Phillips, G. Sentinel.

ENTERTAINMENT. *Mr. Editor*:—A very interesting meeting of the "Eulalian Society" was held last Friday evening in the chapel of the seminary at Bucksport and was quite largely attended by the scholars of the school and by a few of the old ones. The programme was made up of recitations, essays, select readings, music, a drama and a charade. A question was discussed with great ability, showing much talent and thought. The singing was the finest we have had the pleasure to listen to for a long time. The readings were excellent and were heartily applauded by the delighted audience. The demonstration of approbation with which the drama was received was sufficient to prove its merits. The charade represented Washington and was nicely executed. The young ladies of the society deserve great credit for their ability in rendering their parts and for their perseverance in such an undertaking.

TEMPERANCE. The public meeting of the Reform Club, yesterday [illegible] temperance. The meeting was called to order by the President [illegible]

Pickard, of the Crusade, read from the Bible selections appropriate to the occasion. Rev. Dr. G. W. Field invoked the blessing of God upon the assemblage and the cause. Stirring remarks were made by the following gentlemen: A. McFarland, and J. F. Montgomery, of the Club; Mr. Campbell of the Veazie Club; Rev. Dr. Field, Mr. W. A. Langley, Rev. Mr. Brown, Mr. Paul B. Seavey, and Mr. C. H. Taintor, of the Theological Seminary. The following gentlemen re-obligated themselves to the pledge: Wm. A. Langley, Wm. P. Thompson, Horace M. Parker, Horace O. Maddox, Chas. E. Hanescomb, and several others also added their names. The meeting closed with a season of song by the choir and congregation, and benediction by the Rev. W. L. Brown.

NEW PUBLICATIONS.

BIOGRAPHICAL ANNALS OF THE CIVIL GOVERNMENT OF THE UNITED STATES DURING ITS FIRST CENTURY, by Charles Lanman, Esq., author of the "Dictionary of Congress," etc. This valuable work, the only one of its kind extant, contains about seven thousand biographical sketches, and eight thousand additional names of persons who have been connected with the Government, since the signing of the declaration of Independence, making in all about fifteen thousand personal references in the volume. It embraces in its scope the Delegates, Representatives and Senators who have served in the Continental and Federal Congresses, the Federal and State Judiciary, Ministers to and from Foreign Countries, Executive Officers in all the Departments of the Nation, as well as all the Governors of the States and Territories, together with a very large amount of tabular information, gathered from official sources, calculated to illustrate the growth and present condition of the Government of the United States. A little more than half the work is taken up by biographical sketches, while the second part is devoted to "Tabular Records" giving a mass of information with regard to governmental departments, political parties, population, rights of suffrage, and other matters of the kind. The whole is thoroughly well digested, and presented in concise language and convenient form. The work is simply invaluable as a handy book of reference. The volume is a royal octavo of about 700 pages, well printed and bound. For sale by booksellers, or sent by mail or express from James Anglin, publisher, 1424 F street, Washington, D. C.

THE DEMOCRATIC HOUSE ILLUSTRATED. We have received an amusing pamphlet containing a number of spirited illustrations of the performances of the Democratic House of Representatives, from drawings by Mr. C. M. Thomas, of Washington, D. C. It comprises twenty pages of illustrations showing up the Confederate proceedings of the last session in a striking manner. Sent by mail for ten cents, by the author, Box 420, Washington, D. C.

IT IS AN interesting fact that nature has provided her own healing remedies—no one of which has so wide a reputation as tar. "Forest Tar" is simply a pure preparation of tar for the Throat, Lungs and Catarrh.

CONSUMPTION CAN BE CURED.
SCHENCK'S PULMONIC SYRUP,
SCHENCK'S SEA WEED TONIC,
SCHENCK'S MANDRAKE PILLS,
Are the only medicines that will cure Pulmonary Consumption. Frequently medicines that will stop a cough will occasion the death of the patient; they lock up the liver, stop the circulation of the blood, hemorrhage follows, and in fact, they clog the action of the very organs that caused the cough. Liver Complaint and Dyspepsia are the causes of two-thirds of the cases of Consumption. Many persons complain of a dull pain in the side, constipation, coated tongue, pain in the shoulder-blade, feelings of drowsiness and restlessness, the food lying heavily on the stomach, accompanied with acidity and belching up of wind. These symptoms usually originate from a disordered condition of the stomach or a torpid liver. Persons so affected, if they take one or two heavy colds, and if the cough in these cases be suddenly checked, will find the stomach and liver clogged, remaining torpid and inactive, and almost before they are aware the lungs are a mass of sores and ulcerated, the result of which is death. Schenck's Pulmonic Syrup is an expectorant which does not contain opium or anything calculated to check a cough suddenly. Schenck's Sea Weed Tonic dissolves the food, mixes with the gastric juices of the stomach, aids digestion, and creates a ravenous appetite. When the bowels are costive, skin sallow, or the symptoms otherwise of a bilious tendency, Schenck's Mandrake Pills are required. These medicines are prepared only by J. H. SCHENCK & SON, N. E. corner Sixth and Arch sts., Phila. And are for sale by all druggists and dealers.

It is, perhaps, but a simple act of justice to the proprietors of WISTAR'S BALSAM OF WILD CHERRY for us to say, that our personal experience in the use of this article has impressed us favorably. One of the proprietors of the "Traveller" was entirely cured of a severe cough of four months' continuance by the use of this Balsam, and several of our friends and acquaintances, who have tried the article, have found it of great service in relieving them of severe coughs and shortness of breathing, with which they have been afflicted. 50 cents and $1 a bottle. Sold by all druggists.

A FEW THINGS THAT WE KNOW. We know that a disordered stomach or liver produces more suffering than any other cause. We know that very few physicians are successful in their treatment of these disorders. We know that DaCosta's Radical Cure will, without the shadow of a doubt, almost immediately relieve and permanently cure all of these distressing symptoms. We know of thousands who are willing to testify that what we say is true to the letter. We know that if you will give it a fair trial you will let us add your name to the "cloud of witnesses." Will you give it a trial, and do it now? Trial size only 25c. Sold by Wm. E. Mann and J. F. Patten, Bangor. Folsom Bros., Oldtown. R. B. Stover and A. F. Page, Bucksport. Professor Parker's Pleasant Worm Syrup is perfectly safe and extremely palatable. No physic required. Costs 25 cents. Try it. deow may26

SUSAN FRAZIER

When September's skies were azure
And the prairie looked forlorn,
Saw I first one Susan Frazier,
And we rode through fields of corn

She was homely as the shag bark,
The hickory tree's rough case,
With a color dull and dark
Lingering on her freckled face

Rode we till the sunset's beauty
Tinged the western sky with red,
When as done her simple duty,
These few words to me she said

I hev trailed the way, I reckon
So yer'll find right soon yer men
Ef yer don't ... give er beckon
... their hunting ground ...

Then she turned her horse's head,
Rode and left me there alone,
But those homely words she said
Gave me back to friend and home

VEGETINE
Purifies the Blood, Renovates and Invigorates the Whole System.
Its Medical Properties Are
ALTERATIVE, TONIC, SOLVENT AND DIURETIC
VEGETINE is made exclusively from the juices of carefully selected barks, roots and herbs, and so strongly concentrated that it will effectually eradicate from the system every taint of Scrofula, Scrofulous Humor, Tumors, Cancer, Cancerous Humor, Erysipelas, Salt Rheum, Syphilitic Diseases, Canker, Faintness at the Stomach, and all diseases that arise from impure blood. Sciatica, Inflammatory and Chronic Rheumatism, Neuralgia, Gout and Spinal Complaints, can only be effectually cured through the blood.
For Ulcers and Eruptive Diseases of the Skin, Pustules, Pimples, Blotches, Boils, Tetter, Scaldhead and Ringworm, VEGETINE has never failed to effect a permanent cure.
For Pains in the Back, Kidney Complaints, Dropsy, Female Weakness, Leucorrhœa, arising from internal ulceration, and uterine diseases and General Debility, Vegetine acts directly upon the causes of these complaints. It invigorates and strengthens the whole system, acts upon the secretive organs, allays inflammation, cures ulceration and regulates the bowels.
For Catarrh, Dyspepsia, Habitual Costiveness, Palpitation of the Heart, Headache, Piles, Nervousness and General Prostration of the Nervous System, no medicine has ever given such perfect satisfaction as the Vegetine. It purifies the blood, cleanses all of the organs, and possesses a controlling power over the nervous system.
The remarkable cures effected by Vegetine have induced many physicians and apothecaries whom we know to prescribe and use it in their own families.
In fact, Vegetine is the best remedy yet discovered for the above diseases, and is the only reliable Blood Purifier yet placed before the public.

UNQUALIFIED APPRECIATION.
BOSTON, Nov 18, 1875.
H. R. STEVENS, Esq.:
DEAR SIR—During the past five years I have had an attack of gout ... and the merit of Vegetine. My wife has used it for complaints attended with delicate health with more beneficial results than anything else which she ever tried. I have ... children under almost every circumstance, attending a large family, and always with a marked benefit. I have taken it myself with such great benefit that I cannot find words to express my unqualified appreciation of its goodness.
While performing my duties as a Police Officer in this city, it has been my lot to fall in with a great deal of sickness. I unhesitatingly recommend Vegetine, and I never knew of a case where it did not prove all that was claimed for it. Particularly in cases of a debilitated or impoverished state of the blood its effects are really wonderful, and for all complaints arising from an impure state of the blood it appears to work like a charm, and I do not believe there are any circumstances under which Vegetine can be used with injurious results, and it will always afford me pleasure to give any further information as to what I know about Vegetine.

CANNOT BE EXCELLED.
CHARLESTOWN, March 19, 1869.
H. R. STEVENS:
Dear Sir: This is to certify that I have used your "Blood Preparation" in my family for several years, and I think that for Scrofula or Cankerous Humors or Rheumatic Affections it cannot be excelled, and as a Blood Purifier and spring medicine it is the best thing I have ever used, and I have used almost everything. I can cheerfully recommend it to any one in need of such a medicine. Yours respectfully,
MRS. A. A. DINSMORE, 19 Russell St.

A Source of Great Anxiety.
My daughter has received great benefit from the use of Vegetine. Her declining health was a source of great anxiety to all her friends. A few bottles of the Vegetine restored her health, strength and appetite.

For Inventions, Trade Marks and Designs,
No 76 State St., opposite Kilby St., Boston.
After an extensive practice of upwards of thirty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments and all papers for Patents executed on reasonable terms, with despatch. Researches made to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.
All necessity of a journey to Washington to procure a Patent and the usual great delay there are here saved inventors.

TESTIMONIALS.
"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHARLES MASON, Comm'r of Patents."
"I have no hesitation in assuring inventors that they cannot employ a man *more competent and trustworthy* and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE
Late Commissioner of Patents."
"Mr. R. H. EDDY has made for me over THIRTY applications for Patents, having been successful in almost every case. Such unmistakable proof of great talent and ability on his part leads me to recommend ALL inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.
JOHN TAGGART."

LETTER CARRIERS.
All letters are delivered free by carriers when addressed to street and number. People should inform their correspondents of above and have their letters addressed accordingly.
Persons having their address at the General Delivery, can also have their letters sent, but it is much more convenient to have the street and number on, and it will be delivered earlier than if the same is put on at the office. Carriers make two deliveries daily, the first trip supplying the extreme outer routes.
Collections are made morning and evening in season for important mails—the down town boxes first, and the uptown boxes thirty minutes before closing mails at the office.
Holidays the Carrier's Window will be open for the delivery of letters from 8 to 9 A. M., and from 5½ to 6 P. M. Sundays from 8½ to 9½ A. M.
Any irregularities in the Carrier department should be reported to the office.

ENVELOPES.
No additional charge will be made for printing the name and request to return, across the left hand upper corner of the envelopes furnished by the Post Office Department (samples of which may be seen at the Cashier's window,) when ordered in lots of not less than 500.
A request for the return of a letter to the writer, if unclaimed within thirty days, or less, written or printed, with the writer's name, post office and State across the left end of the envelope, on the face side, will be complied with.
The public are earnestly recommended to procure Stamped envelopes with printed return request, as the expense is less and letters thus endorsed, if not delivered to the person addressed, are returned to the writer free of charge.
First class envelopes of above furnished at $33.80 per thousand.

Stamps cut from Stamped Envelopes
cannot be used to prepay postage. The use of such Stamps is punishable by a fine of fifty dollars.
Stamped Envelopes, spoiled in directing, are redeemed at this office.
